Doug Lea – Doug Lea
Nortel Networks – Bill Bourne
Oracle – Glen Foster
SAP – Michael Bechauf
Sun – Graham Hamilton

Agenda

- PMO General Topics
- Purple JSRs
- Next Year's meeting schedule

PMO General Topics

The PMO presented its usual general information and statistics to EC Members. Representation changes among EC Members were highlighted. A status update on the in-progress EC elections was given. Next year's meeting schedule was discussed and some changes were suggested.

Purple JSRs

The PMO had sent out an email with its current proposal and feedback on the proposal was discussed. Some EC Members see that the proposal has value, but at the same time it does not seem to address what other EC Members feel the core issue is. Especially ME EC Members also expressed concerns how this will effect compatibility in the mobile market.
